

Buying your horse at the telephone

The members of our auction team will be pleased to check your wishes and requirements on the phone in advance. On the day of the auction, an authorized member of the team will call you as soon as the auction of your favorite foal will start. Your telephone will be checked. We would recommend fixing all order details by fax or email.

The purchase note will be confirmed and signed on your behalf, as agreed upon before.

Attention:

This letter must be available to the auction team **until 12:00 pm of the day of the auction.**

Bidding contract for catalogue No. _____

First and last name _____
